# Referral Program

## Current Customer

## New Customer

Whether you have a security system or medical alert system, we want to pass a savings on to you.

You understand the importance of security for the people in your home and/or business, and the importance of protecting your investments. We feel privileged that you have chosen us to help you do just that. We're asking you to share this sentiment with your family, friends, and business associates, and you will receive three months free monitoring (at the basic monitoring rate).

There is no expiration to this offer. Simply fill-in this flyer and either mail it or bring it in. We look forward to hearing from you. Thank you!
